and click on the "Join Email List" tab. Complete your information and you are done.

Friendly Reminders

Safety...

remember, parking on the street can be a safety problem for other drivers and pedestrians, . . .

Trash cans...

should be stored out of sight from the street. They should only be at the curb on the day of or the night before your scheduled pick up, . . .

Speed limit...

please be aware of and obey all posted traffic signs, . . .

Trailers...

Are only allowed to be parked in your garage. They are not allowed in driveways or on lawn surfaces. No permanent on street parking is allowed for ANY cars, trucks, RVs, or trailers

Calling all homeowners. Come meet your neighbors! We have an election to the HOA Board as well as a review of the HOA operations from volunteer board members and our Community Manager planned.

See the enclosed "Notice of Meeting" for details. Also, a proxy (ballot) is enclosed for your use in-person or if you can not attend in-person.

If you have received this mailing and you are NOT the homeowner, please forward this to the legal homeowner and advise our Property Manager.

NEWS AND NOTES

Curb Appeal—Yard of the Month

Spring is here and the grass is growing. Weeds are proliferating, shrubs are getting out of control, and landscape beds need cleaning. Simple steps to maintain your yard helps give our neighborhood a pleasing atmosphere for others looking at moving to our area. This is the first impression of our homes, so let us take pride in our community and keep our yards maintained.

The HOA is starting the Yard of the Month in April to encourage everyone to strive for a well maintained yard and home. Each month one home will be recognized by all of us voting for their favorite home submitted. They will be recognized on our web page and awarded a gift certificate. Go to www.BradfordHillsHomes.com (select Communications, then select Yard of the Month) to get the details.

Rental of Homes—Home-sharing:

The owner of each property is responsible for the property maintenance of their lot/home and actions and behaviors of all residents and guests. This includes all persons who may have a rental, lease, or other home-sharing arrangement with the owner. The "Rental Policy" is posted on our website where you may click to download a .pdf version of text – (2 pages).

Parking:

Parking in the street continues to be a problem in Bradford Hills. The HOA regulation states that "**All vehicles are to be parked in driveway areas.**" Additionally, parking on the street at the corners, fire hydrants, mailboxes, facing the wrong direction, on unpaved surfaces (your lawn) or in or near intersections is not allowed at any time and may be enforced by Metro. These rules are in place to make Bradford Hills a neighborhood that is safe and appealing to those who live here and to those considering buying in Bradford Hills. You can find information on all rules and regulations on our website.

Preventing Wildlife Conflicts

Share this information with your immediate neighbors, since your good efforts could be futile if neighbors are unintentionally (or purposefully) providing food or shelter for wildlife. Our behavior as people affects the behavior of wildlife.

- Wildlife appears in backyards for a reason; identifying and understanding that reason is the first step toward minimizing potential conflicts.
1. Do not feed wildlife.
 2. Keep trash and garbage around your home and yard contained and picked up.
 3. Do not compost in your yard or outdoors. (HOA rules)
 4. Do not feed pets outdoors. (outdoor pets are prohibited by HOA rules)
 5. Restrain or secure your pets.
 6. Remove bird feeders especially if wildlife is seen around the feeders.
 7. Close off crawl spaces under the house and deck and other structures.
 8. Do educate your neighbors.

Most often, conflicts with wildlife can be avoided by ***eliminating or securing any food source that can attract unwanted animals***. Examples of this suburban buffet would include birdseed, suet, garbage, fruit, compost, vegetable gardens or pet food that is left accessible.

- Keep trash and garbage around your yard contained and picked up. Do not put your trash out for pickup the next day unless it is in a sealed container that wildlife cannot get into.
- Bird feeders: The seed in bird feeders can attract many small and medium sized mammals (Squirrels, chipmunks, mice, skunks) these, in turn attract animals that prey on them. (coyotes, bobcats, foxes, etc.). If possible, try to find a bird feeder that does not allow seed to spill.

Mold and Mildew can damage your siding!

Our moist and humid Tennessee weather is ideal for mold to thrive. It becomes a problem on vinyl and wood siding when allowed to remain for longer periods of time. Many of our homes have a heavy amount of dark mold on the north side of the house, as well as lesser amounts in other areas. This, if allowed to remain, can discolor the siding and or stain it.

This can be cleaned by a professional or handled with a little work by yourself. There are a few qualified companies that will clean the siding at a very reasonable price. Help keep Bradford Hills beautiful.

Street Light out?

It is easy to report a burned out (or cycling on and off) street light.

GO to www.NESpower.com

From the menu on the left side choose 'Report Outage'

From this choose 'Report a Street Light Problem'

There is a brief form for you to complete.

When they ask for the pole number, it is an 8-digit yellow tag fastened to the pole, it is optional, but helpful to identify the specific light needing repair..

Are you considering adding a fence or other alterations to your property?

Would you like to see our HOA rules & bylaws or past HOA meeting notes?

Please click on "Forms & Documents" at:

www.BradfordHillsHomes.com

Bradford Hills is an architectural control neighborhood and all exterior improvements or alterations to your lot/home are subject to prior approval.
